

2026 Accident Benefits Reforms

What Ontario Drivers Need to Know

What's Changing?

Starting July 1, 2026, Ontario drivers will have more choice and control over their coverage. While certain essential benefits will remain mandatory, many others will be optional and can be selected or removed when purchasing or renewing your policy.

If you're an existing customer, your policy will renew with the same coverage and limits, unless you agree with your insurer in writing to decline the benefits or make changes to them. However, who is covered under your policy for newly optional benefits will change on July 1, 2026, regardless of renewal effective date. Before making changes, check if your personal or work benefits already provide similar coverage.

Customers who are purchasing or renewing a policy on or after July 1, 2026, can choose which optional accident benefits they would like to purchase.

What are Statutory Accident Benefits?

Statutory Accident Benefits (SABs) can provide financial support if you are injured in an auto accident. These benefits can be available regardless of who caused the accident and can cover things like medical treatment, rehabilitation and income if you can't work because of your injuries.

Essential accident benefits coverage remains

Standard medical, rehabilitation and attendant care benefits will continue to be included in all auto insurance policies. These benefits are available regardless of who caused the accident. They cover medical expenses, therapy, and personal care assistance for injuries from an accident including doctor visits, physiotherapy, and help with daily activities like bathing and dressing.

Benefits that will remain optional

You can still choose to add the following benefits to your policy.

| Optional Benefit | What it covers | Coverage Limits |
|---|--|---|
| Supplementary medical, rehabilitation and attendant care benefits | Help cover expenses for medical benefits beyond the standard limits. | \$130,000 total for non-catastrophic impairments |
| | | \$1,000,000 total for non-catastrophic impairments, and \$2,000,000 for catastrophic impairments |

| Indexation benefits | Helps to ensure certain weekly benefit payments and monetary limits are adjusted annually to reflect changes in the cost of living. | The indexation amount is posted by the Financial Services Regulatory Authority annually. |
